Inn-Side News

During the month of June, we had visitors representing 18 different states, plus a couple from Switzerland who was on a 3-week tour of the East Coast. At The Brick, they enjoyed a candlelight dinner for two on the front veranda, with personal Chef Service ... they loved it!

Seems to be a busy time in our court system! For 2-weeks, The Brick was "donned" in black or navy suits! We always like to be on the winning side, and both groups we had in felt pretty good about the potential outcomes of their cases. Only one minor disappointment -- one of our other guests who was passing through town did not enjoy all the black suits or having breakfast with a bunch of lawyers.

As hard as we try to please everyone, reality is that we simply can't be everything to everybody, but we are VERY pleased to announce that...

The Inn is now AAA-rated!!

June Highlights

Over 20 private events took place in June which kept the restaurant pretty busy! WMDT hosted 3-seminars at The Brick, and several Pharmaceutical Representatives held dinner meetings with us. In addition, we catered an offsite dinner for the Hawthorne Reunion Group that stayed with us the weekend of June 18-19, enjoyed being part of Brittany & Carl's wedding & reception, The Class of 1968 Reunion, and held a very fun 16th birthday party celebration on the Rooftop. These private events and special celebrations are really something that we love to do, so keep us in mind if you have any corporate or personal needs!
